

CONTENTS

Editorial: Towards Robust Situation Awareness in Autonomous Vehicles <i>Julkar Nine</i>	1
Real-time 3D Perception of Scene with Monocular Camera <i>Shadi Saleh, Shanmugapriyan Manoharan, Wolfram Hardt</i>	4
Towards Cloud-supported Automotive Software Development and Test <i>René Bergelt, Norbert Englisch</i>	8
Perception Through Image Processing Applications for Situation Awareness <i>Julkar Nine, Shanmugapriyan Manoharan, Wolfram Hardt</i>	13
Analysis of Machine Learning Approach for the mode model in SWC Mapping in Automotive Systems <i>Owes Khan, Geri Shahini, Wolfram Hardt</i>	17
